

Men's Co-Occurring Intensive Outpatient w/Lodging Program in Maple Grove

Maple House

Our Men's Co-Occurring Intensive Outpatient (IOP) with Lodging treatment program involves a live-in treatment facility that provides therapy for substance use and mental health, while encouraging clients to begin re-integrating into the community.

NorthStar Regional provides integrated substance use disorder treatment and mental health care with a high-intensity, multidisciplinary team. There are 2 pillars that make us stand out above others: Mental Health, and Counseling/Treatment.
